Such fidelity of tone is possible only because Victor Records and the Victrola are scientifically coordinated and synchronized in the processes of manufacture. They should be used *together* to secure a perfect reproduction. That is the way for you to hear in your own home the superb interpretations of the greatest artists exactly as they themselves heard and approved their own work.

LADY ASTOR IN
HECKLING FIRE.Titled Candidate for House
of Commons is Brave.Typical British Political
Crowd Approves of Her.Scores Socialists for Their
Part During the War.(BY CABLE AND ASSOCIATED PRESS.)
PLYMOUTH (Eng.) Tuesday,
Nov. 5.—Meetings in different sec-
tions of the city were addressed to-
night by the three candidates for
the House of Commons seat—Lady
Astor, Isaac Foot, Liberal, and W.
T. Gay, Labor.At one of them the corre-
spondent found 800 persons huddled
in a small schoolhouse, and scores
outside clamoring for admis-
sion. Viscount Astor was standing
at the schoolmaster's table speak-
ing."I want you to realize that the re-
construction period is a jolly diffi-
cult time for the coalition," he said."I want to tell you a few things
the coalition has done."
"Tell us what they haven't
done!" came a voice from the back
of the room, and the heckling of a
group of laborites became so fre-
quent and persistent that Lord Astor,
seemingly disconcerted, finally
and abruptly concluded by present-
ing his wife as "your candidate."Lady Astor, taking the table top,
began:
STRIKES RESPONSIVE CHORD.
"I have been handling soldiers
for the last four years—you better
watch out," which brought laughter
and cheers. "I just want to tell
you some things that I am going to
do if I get into the House of
Commons. What's more, I am going
to get there. Just remember that."There was more laughter and
applause and Lady Astor launched
into her speech. When the inter-
ruptors got busy, she exclaimed ven-
turedly:
"Don't give me any of your sass;
I shall come right down there to
you."There was one heckler who had
previously identified himself as
champion of the Independent So-
cialists. Concerning him, Lady Astor
declared:
"If it had been in your power
during the war, the whole British
army today would be goose-stepping
in Berlin." Among the epigrams
which characterized her speech
were:"The only panacea for the world's
ills is to get rid of the human
heart.""Loving your neighbor as your-
self is the only way of eliminating
the capitalist class.""We cannot say the world is at
peace unless ourselves are at
peace."In concluding her speech Lady
Astor said: "You had better take
me while you have the chance."DRIVES DASHING TEAM.
Everyone in Plymouth knows a
political campaign is in progress.
Nearly every man, woman and child
knows at least one of the candidates.Lady Astor. Before the campaign
began she was reputed to know
more townspeople than any other
resident—to know every street and
alley, and someone in every street
and alley.Posters on all the billboards and
almost every other available space
announce that "Lady Astor is the
only Lloyd George, candidate," or
appeal to the voters to "make his-
tory and elect the first woman mem-
ber of Parliament."In the clubs, hotels and restaur-
ants, tea-rooms and public houses,
the election is the dominant topic
of conversation.The few who were uninformed had
their curiosity aroused when the
campaign was inaugurated by the
spectacle of this brilliant woman,
dressed in black, driving through
the streets behind a dashing team
of sorrels, with silk-hatted coach-
man, his whip and the bridles of
the horses adorned with red, white
and blue ribbons—the coalition col-
ors.What is still more unusual in this
quiet Devonshire city, taxis loaded
with newspaper men and photogra-
phers trail the "Astor carriage"
wherever it goes."Astoria" is a familiar term in
Plymouth since "Lady Nancy" took
the stump, meaning the punchy epigrams
with which she enlivened her
speeches, coming them readily to
meet every question propounded by
the hecklers and express her views
on the issues of the campaign.This lends to her addresses a novel
interest in the Devonshire vote-get-
ting campaign. Today she invented
several new ones, among them:
"There is a difference between the
working classes and the shirking
classes.""Every person is a potential pro-
fiteer; the only way of choking pro-
fiteering is to get the selfishness out
of human nature."Lady Astor, in the course of the
morning's drive about the constitu-
ency, stopped at Unionist head-
quarters. Descending from her carriage,
she came face to face with British
Foot, her Liberal opponent. She
smiled and said: "Good-morning,
Mr. Foot."The Liberal candidate replied
with equal cordiality and they
talked together, Lady Astor chiding
him good-naturedly for his "too
progressive" man to be identi-
fied with the Ancient Mariner As-
quith party. You are a good man."Every person is a potential pro-

THE ATLANTIC FLEET
TO SOUTHERN WATERS.FOLLOWING MANEUVERS. IT
WILL GO TO SOUTH AMER-
ICA AND PANAMA CANAL(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 5.—The At-
lantic Fleet will leave early in Jan-
uary for winter maneuvers in
southern waters, after which it will
visit various South American ports
and the Panama Canal.The decision to send the fleet to
sea in spite of the serious handicap
of reduced personnel and a threat-
ened coal shortage was announced
by Secretary Daniels after a con-
ference with Rear-Admiral Wilson,
commander-in-chief of the Atlantic
fleet and other officers.The eight super-dreadnaughts of
the fleet, the Pennsylvania, Ariz-
ona, Oklahoma, Nevada, Utah,
Florida, Delaware and North Da-
kota, will leave North Atlantic navy
yards January 8 in command of
Admiral Wilson.Fifty-four
destroyers, auxiliaries
and pre-dreadnaughts will follow as
soon as sufficient personnel is se-
cured.Although the present enlisted
strength of the navy is only 115,000,
Mr. Daniels predicted en-
listments would be increased great-
ly by the first of the year if Con-
gress grants an increase in pay.LONGSHOREMEN DRIFT

OF ITS OWN WEIGHT.(BY A. P. NIGHT WIRE.)
NEW YORK, Nov. 5.—New York's
water front, tied up for more than
a month by a strike of longshore-
men, seemed today to be returning
slowly to normal. Shipping Board
officials reported a larger number
of men than heretofore reported for
duty this morning at all the piers.Capt. Frank E. Ferris, managing
agent of the United States Shipping
Board, stated he expected within
a few days conditions again would
be normal.The "insurgent element," led by
Richard J. Butler, promised Mayor
Hyman at a meeting today in Tam-
many Hall to return to work to-
morrow.Mayor Hyman tonight telegraphed
Secretary of Labor Wilson that the
strikers had agreed to return to
work at the old rate, 85 cents and
\$1, pending decision of the nation-
al adjustment commission upon the
application for a rehearing on the
award to be made by representatives
of the various locals and the board
of arbitration.SANTA SHOULDERS
PACK FOR SIBERIA.(BY A. P. NIGHT WIRE.)
NEW YORK, Nov. 5.—The army's
Santa Claus transport Mercia to-
day began taking on its Knights of
Columbus Christmas cargo for Am-
erican troops in Siberia. In ad-
dition to great quantities of flour
and "grease" for doughnuts, there
are 15,000,000 cigarettes, candy,
chocolate, cake, crackers, bullet-
cubes, woolen mufflers, mittens and
tooth paste. Two dozen footballs
for games between American, Rus-
sian, Japanese and Chinese soldiers
are included in the shipment.Twenty-five per cent of the
United States forces in Siberia are
said to be at Vladivostok, 50 per
cent distributed along 350 miles of
the trans-Siberian Railroad and the
remainder at a point 2000 miles in-
land.CALLED OFF LIQUOR ARRESTS.

WASHINGTON, Nov. 5.—The
announcement of the
closure of Camp Merrill, the
receiving camp for German
prisoners of war, was made today
by the War Department. The
camp will be closed and the
prisoners will be moved to other
camps. The camp was opened
after troops were in the

THE YOUNG LADY ACROSS THE WAY

The young lady across the way was that in her opinion bread will soon be so high in price that the most of the common and ordinary folks will be compelled to seek out a subsistence on cake alone.

PRESIDENT ASKS A LOYAL PEACE.

Proclaims Thursday, Nov. 27, Day of Thanksgiving.

Prosperity has Attended Us In Spite of the War.

Blessings Should Arouse to Deeper Patriotism.

(BY A. P. DAY WIRE.)
WASHINGTON, Nov. 5.—President Wilson today set aside Thursday, November 27, as Thanksgiving Day, in a proclamation which said the country looked forward "with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace and the vast resources of their States of America. A proclamation: The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which he has conferred upon our country during the twelve months that have passed. A year ago our people poured out their hearts in prayer and thanksgiving that through Divine aid the right was victorious and peace had come to the nations which had so courageously struggled in defense of human liberty and justice. Now that the stern task is ended and the fruits of achievement are ours, we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace."

MAKE A LOYAL PEACE.

"But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should, as they give thanks to God, reconsecrate themselves to these principles of right which triumphed through his merciful goodness. Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died."

"During the past year we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war we have prospered. Our harvests have been plentiful and our abundance has been able to render succor to less-favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization."

"These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we have won for ourselves and for the world."

"Therefore, I, Woodrow Wilson, President of the United States of America, hereby designate Thursday, the 27th day of November, next, for observance as a day of thanksgiving and prayer by my fellow-countrymen, inviting them to cease on that day from their ordinary tasks and to unite in homes and in their several places of worship in ascribing praise and thanksgiving to God, the author of all blessings and the master of our destinies. In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done in the District of Columbia this fifth day of November, in the year of our Lord one thousand nine hundred and nineteen, and of the Independence of the United States the one hundred and forty-fourth."

(Signed) "WOODROW WILSON.
By the President: Robert Lansing, Secretary of State."

COAST ELECTRICIANS WANT \$1 A DAY RISE.

(BY A. P. DAY WIRE.)
SAN FRANCISCO, Nov. 5.—An increase of \$1 a day is asked in a new wage scale and working agreement presented today to the Pacific Telephone and Telegraph Company by male electrical workers of the company in California, Oregon, Washington and Nevada. The men are now paid \$6 a day, which was granted as a compromise when they struck for \$6.40 a day last summer.

The new scale was presented after a three-day conference in which demands were framed and proposed changes in working conditions were discussed.

The conference requested the scale to become effective as of November 1 and continue for one year. The proposed agreement involves 3400 men.

DENOMINATIONALISM'S DAY IS DISAPPEARING.

(BY A. P. DAY WIRE.)
SACRAMENTO, Nov. 5.—The day of denominationalism is passing, Rev. Samuel G. Nell of Philadelphia declared in an address today before the Northern California Baptist convention in California. Mr. Nell, when one should talk for one church, for one denomination or one locality, he said. "The pastor who holds himself down narrowly to the old-fashioned ways of preaching has failed."

An Americanization program was urged by speakers today. Revision of the church constitution scheduled for discussion today was delayed until tomorrow's session.

WRECK OF ESPEE FLYER I.W.W. REVENGE JOB?

Speed Theory Contradicted by New Evidence; Tramps Put Off Train Day Before Swore to "Get Even."

Testimony tending to disprove that the wreck of the San Joaquin Flyer was due to excessive speed and to support the theory that the disaster was caused by an obstruction on the track, possibly placed there by members of the I.W.W. in revenge for having been put off the train at that point the day before, was given yesterday before the coroner's jury in session at the Fresno morgue.

Alec D. Cameron, conductor of the wrecked train, testified that the train was running at a speed not to exceed thirty-five miles an hour, well within the safety limit, when the derailment occurred. "I looked at my watch as we left Vincent, the last stop before Acton and about three miles from the scene of the wreck," he said. "It was 2:50 p.m. When the crash came I got off, ran to the front of the train and looked at my watch again. It was 3:55 p.m. We were at least six minutes running the three miles."

Passengers testified that there was no indication of high speed, such as the swaying of cars from side to side. Testimony has already been given by the jury that the rails, wheels and brakes were in perfect condition.

On the day preceding the wreck, the engineer of another train on the valley route reported a gang of hobos were put off the flyer at a point near the scene of the disaster. These men swore at the time that they would "get even." Expert railroad men said yesterday that a single small piece of iron placed on the track would be sufficient to cause derailment and would not be seen in time to avert a wreck.

Testimony introduced by Special Agent O'Connor, representing Sup't. F. M. Worthington of the San Joaquin division, showed that the train's engineer, F. W. Fiedler, who was killed in the wreck, had 100 per cent. efficiency in a series of twenty-four tests made by railroad officials during the past year to determine whether the engineer observed all danger signals. Mr. Fiedler had been a fireman from 1895 until 1902 and an engine driver since then. Conductor Cameron said that he considered Mr. Fiedler one of the best engineers on the road.

ENGINE "JUMPED UP."
Immediately after the wreck, the report was current on the scene that a woman, living at a small farm house some distance down the track from the point of derailment, said she saw the accident and that the locomotive "jumped up into the air" before plunging on into the ditch. Such an impression might have been produced, it is pointed out, if the engine was lifted off the rails by an obstruction.

Conductor Cameron, who has been a railroad man for twenty-eight years and a conductor for twenty-five years and who has traveled the road on which the wreck occurred for fourteen years, said that the cause of the wreck was a mystery to him, but that he is certain that it was not due to excessive speed.

"AT MODERATE SPEED."
"Vincent is at the top of the grade which is so steep that we have to have a 'helper' engine going up it. We left the 'helper' engine at Vincent and came down the grade to the point of the derailment at moderate speed and with the air-brakes working perfectly. We went around a 10 degree curve, leaving Vincent, on the down grade, all right and at moderate speed, when the curve on which the accident occurred was only an 18-degree-10-minute curve."

SOCIAL LEADER GETS DIVORCE.

Mrs. Ralph R. Williams Wins Quiet Decree at Reno.

Outcome of Incompatibility Surprise to Society.

News of the divorce at Reno, Nev., of Mrs. Hazel Kirkpatrick Williams, and Dr. Ralph Rowlett Williams, both very prominent in local society, was made public yesterday and was confirmed by Mrs. Williams's attorney, James A. Gibson, Jr.

Intimate friends of Dr. and Mrs. Williams had not had the least suspicion of their estrangement, for Mrs. Williams was believed to be visiting her relatives in St. Louis. Mrs. Williams is one of the most attractive members of the local smart set and sponsored many fashionable functions during the last few years. During the war she was one of the women in charge of the "Bird Cage" at the Alexandria Hotel. Dr. Williams, who has offices in the Los Angeles Investment Building, is a member of the California Club, the Jonathan Club, the Athletic Club, the Midway Country Club and the Los Angeles Country Club. With his attractive young wife, who is about 30 years old, he made his home at the Los Angeles Country Club.

Friends of Mrs. Williams stated yesterday afternoon that she has always been greatly in demand at the most exclusive social affairs during recent years in this city and that she spent most of her time in attending to them while Dr. Williams desired to live a more secluded life. It was this difference in ideas of living, the friends say, that probably caused the estrangement.

Early last spring Mrs. Williams suddenly left the city, announcing that she was going to St. Louis to spend a few months with her mother. She was accompanied by a party of friends passing through Reno from Los Angeles. She told these friends that she had secured a divorce and did not intend to return to Los Angeles.

Attorney Gibson stated yesterday that Mrs. Williams had secured a quiet divorce, lacking sensational features, in the Reno court. She charged desertion and her husband did not contest the suit. She has lived in Reno seven months, Mr. Gibson stated.

Dr. Williams yesterday admitted that his attractive wife had divorced him. "But the friendliest of relations still exist between us," he added. "It was a mutual agreement between us that Mrs. Williams should secretly go to Reno to obtain a divorce, so that unnecessary publicity could be avoided. I did not contest the suit, for I had been told that Mrs. Williams should obtain the divorce, when we finally decided we could not live happily together, owing to our disagreement as to our modes of living."

Dr. and Mrs. Williams have no children.

HUNT FOUR IN HOTEL MURDER.

Trail Two Suspects Who Saw Sheets Flash, Roll.

Police Seek Wife, ex-Soldier Who Fled from Texas.

Slaying Reveals the Story of a Broken Family.

Although the motive for the mysterious slaying of W. Frank Sheets, 38 years of age, less than a week ago, at the Santa Anita Hotel at 419 1/2 South Los Angeles street, who was clubbed over the head and then shot to death, in the hallway of the hotel yesterday morning was established late yesterday by the police as robbery, a young man believed to be an ex-soldier, and Mrs. Josephine Sheets, the dead man's widow, believed to be in this city, are being sought by the police as having a possible connection with the mystery.

A story of a broken family brought about by a trusted employee which the police say establishes a second motive of fear as a possible explanation for the slaying, came to light shortly after Police Detectives Bert Smith, Moore, Riggs, and Stevens from Central Police Station began an investigation of the murder. A letter in the dead hotel man's coat pocket, signed by his wife and also information secured from Sheets's friends regarding domestic troubles, started the police on their search for Mrs. Sheets and the ex-soldier.

SEKEL SUSPECTS.
Two young men dressed in overalls and wearing caps who were seen to run from the rooming-house at about 10 a.m. yesterday, the hour when the murder is supposed to have taken place, are, say the police, the ones who, after first attempting to stun Sheets with a "billy," shot him to death and robbed him. A good description of the two men was secured by the detectives from several persons who saw them leaving the rooming-house and who also talked to them when they attempted to rent a room in the hotel, the night before.

Sheets's body was discovered at about 10:30 a.m. by F. R. Thompson, a roomer in the hotel. It was on the stairway leading into the street. Near the body was a short heavy "billy" made by wrapping tape around a broom handle and a pair of motor shoes. Investigations by the police, who were called by Thompson, showed that Sheets was alone in the room.

ask for a copy of the instructions and later to ask questions to clear up the growing out of the alleged graft prosecution, deliberated on their verdict from 9:45 p.m. when they reported they could not agree on a verdict. They were dismissed by Judge Houser.

Twice during their deliberations the jury came into court, first to testify against him.

GIRL 'BOES ARE ARRESTED HERE.

Jailed for Stealing Shirts After Male Masquerade.

Beat Way to San Francisco as "Man" and Wife.

Beate Voanna, 23 years old, and Violet Harriman, 18, who told the police that after leaving their homes in Long Beach several weeks ago they beat their way to San Francisco and back to this city, were arrested yesterday in a downtown department store by Nick Harris detectives after stealing a number of silk skirts from the counters. The two girls made a confession to the police and stated that they needed the clothing to get employment.

According to the story told by Miss Voanna to Detective Harris she made her way to San Francisco with Miss Harriman, dressed in a sailor's uniform. She posed as her friend's husband, and did odd jobs along the road to get food. Part of the way the two, according to their story, obtained rides in passing automobiles, but most of the distance they walked.

When the two girls arrived in San Francisco they had only one dress between them and were unable to get employment because of the fear of arrest for wearing a navy uniform. A dress picked up in a department store, and a hat and long overcoat obtained in a public dance hall, when the owner was not about, solved the clothing question, according to the girls' story.

About a week ago the two set out for this city again, this time wearing women's clothing. They arrived Tuesday and spent the night on a bench in the Pacific Electric station. Yesterday they were attempting to get new clothing when arrested.

BOY! PAGE GOVERNOR!

State's Chief Executive Here, But Mostly Invisible.

Gov. Stephens is here. He has been here since last Monday. This, however, is more hearsay, because so far as reported, no one has really seen him for long enough to be sure about it. He has been invisible and inaccessible to the scores who have stormed the executive offices in the Union League Building. He was there for a brief space early yesterday morning and left for his secretary, Warren Board, to say to all callers that he would be back tomorrow morning, that is, Friday. Where he was yesterday and the day before, Mr. Board does not know, but surmises that he may be attending to some personal business. The Governor's sister, Mrs. J. K. Wilson, 244 Oxford avenue, with whom he is staying, knows no more. Mr. Stephens was said to be attending an out-of-town wedding yesterday, but where or whose was not stated.

UNION PACIFIC HEAD ARRIVES TO INSPECT.

PREPARES WITH THE FEDERAL MANAGER FOR RETURN TO PRIVATE OWNERSHIP.

Judge Robert S. Lovett, chairman of the committee of the Union Pacific Railroad lines, accompanied by Mrs. Lovett and by W. R. Scott, Federal manager of the Southern Pacific and Western Pacific railroads, arrived in Los Angeles last night on a special train from San Francisco. Judge and Mrs. Lovett left New York October 14 and after spending today and tomorrow here will return eastward by the Salt Lake road en route to New York.

THE CARSON ESTATE COMPANY was the only property holder within the Gulf-avenue sewer district of Wilmington to file protest against the proposed sewer system. The protest represented less than 1 per cent. of the total frontage, the City Council will be asked to consider.

FAKE THAW FOUND GUILTY.

IN spite of his own impassioned plea of 40,000 words, made in his own behalf before the jury, William Everett was found guilty last night of impersonating Harry K. Thaw, slayer of Stanford White, the slayer of the picture purpose. The jury deliberated more than five hours, the first ballot being nine to three for conviction.

Attorney Arthur C. Webb, who represented Everett, said last night that an application for a new trial will be made at once, and that in the event this is denied, Everett will ask for probation.

FOR MILLION-DOLLAR HOME

Organization of a Federation of Jewish Clubs to erect a \$1,000,000 home in Los Angeles was announced yesterday.

At present nine organizations, representing over 700 members, have co-ordinated their efforts in a campaign for funds for the purpose of erecting and maintaining a club building, where it is intended to house the various clubs that may join the federation, and to promote social, educational and athletic activities, which are now being carried on in an amateur way by the individual organizations.

Such an institution will provide large clubrooms, gymnasium, swimming pool and all other features offered to members of the most fully equipped club building in Los Angeles or cities of its comparative size in the East. The officers of the federation are: H. Friedman, president; Miss G. Lewman, vice-president; Miss F. Lovitt, secretary; Miss G. Simons, corresponding secretary; G. Cohen, treasurer, and Miss E. Sachs, sergeant at arms.

Temporary clubrooms are maintained at Sinai Temple, Twelfth and Valencia streets.

THE PROJECT has been fully indorsed by thousands of Jews and clubwomen, who are active in assisting the organization in consummating its plans, realizing the necessity of a home for the Jewish community in this city.

A mass meeting will be held shortly, where the full scope of the plans now under way and entertained for the future will be outlined and discussed. At this meeting the full details for the campaign to raise funds will be formulated. The club federations in this city are: Young Hebrew Social Club, Young Israel Young Women's Hebrew Association, Young Zionist, Menahem, Jewish Social Center, Elite Club, Bluebird Girls and Red Mogen David.

TRAIL SLAYERS OF HOTEL MAN.
(Continued from First Page.)
Tacked by two men while at work in a hall bathroom some distance from the stairway. Signs of a desperate struggle were seen. The hotel man, the police believe, was struck on the head several times during the fight in the bathroom and then dragged down the hallway to the stairs where he was shot and killed. His purse containing about \$300 in cash could not be found by the police.

IS THIRD ENLISTMENT FOR THIS MARINE.
Harry M. Lockwood enlisted for the third time at the Marine Corps recruiting office, yesterday, and for the third time was appointed a sergeant by Maj. Fegan.
Sergt. Lockwood first enlisted in the Marine Corps at Seattle, January 16, 1911, and on May 9, 1913, was made a corporal, and on April 16, 1914, was appointed a sergeant. He was discharged, with character excellent, June 14, 1915. He re-enlisted the following day, and was appointed a sergeant. Sergt. Lockwood has been assigned recruiting duty in Los Angeles.

Borrowing Money
—successful Business Men are usually heavy borrowers of money—
—they establish their reputations as credit risks, and utilize this resource to the limit—
—such reputations are not made overnight—they are built up over years of time—by meeting obligations as they fall due—
—our Commercial department has aided more than one able business man to become a "good credit risk"—
helpful, co-operating service is available to any citizen, in just that proportion in which he shows himself able to grow—

All-Silk Ties
\$1.00 & \$2.00
Perhaps the scarcest merchandise in today's market is an all-silk tie to sell at a dollar!
We have fifty dozen, just received on a "back order," from which we advise liberal selection for present needs and holiday gifts.
We also have twenty-five dozen fine silk scarfs—hand-made—four-in-hand styles, that would be good \$2.50 values as prices go now; notwithstanding, we have marked these at \$2.00.
Wise buyers will be here early for these.

VETERAN IS BURNED.
Old Soldier Seriously Hurt When Fire Rages Home.
David Campbell, a Civil War Veteran, was seriously burned, and his home, at 119 South Vicksburg street, Sawtelle, was destroyed by fire early yesterday morning. The loss, according to the fire department, will amount to \$1500. Mr. Campbell, who was burned on the body and face, was removed to the Old Soldiers' Home at Sawtelle for treatment. His condition is serious. A defective chimney, according to the Sawtelle police, was the cause of the fire.

PHOTOPLAY ACTRESS MARRIES ON A DARE.
TWO-MONTHS WOOLING RESULTS IN HURRY-UP NUPTIALS OF SCREEN PEOPLE.
They met two months ago and last Tuesday afternoon he dared her to marry him. She accepted the challenge and now Miss Jean Ackers, the actress, is Mrs. Rodolph Valentino. This is the romance of two picture players as told yesterday. Mr. Valentino met Miss Ackers at a party given by Pauline Frederick in the early part of September. He pressed his case for two long months and after a dare made while they were horseback riding in Beverly Hills, she consented.
He suggested Santa Ana. She demurred and they came to the city and at the suggestion of friends, arranged for License Clerk Sparks to issue one of his "hurry-up-before-it-is-too-late" kind, that are often given after the office closes.
They then drove to the home of James I. Myers of the Broadway Christian Church and took him to the scene of the wedding. A party was being given to Mr. and Mrs. Maxwell Karger of the Metro plant and the young couple furnished a feature for the evening.
Mr. Valentino is in picture work here and his bride is with the Metro company. Both will continue their work. They are at the Hollywood Hotel.

DISCUSS CHURCH NEEDS.

Association of Baptists Holds Interesting Sessions at Santa Monica.

SANTA MONICA, Nov. 5.—A "Balanced Program" for the Local Church was the subject of a conference held this morning by Dr. F. A. Ager, at the first meeting of the Los Angeles Baptist Association, which is holding a three days' convention at the First Baptist Church of Santa Monica.

The matter of balancing the powers of good in the church was discussed at some length. The Bible study hour was led by Rev. O. P. Clifford, D.D. A reading of the history of the entertaining church was read, and was followed by a business meeting.

Nearly 250 members gathered at the church in the afternoon to hear the discussion on "A Balanced Program for the Whole World." The conference was led by Rev. J. D. Springston, Ph.D., who related incidents from a broad experience. The religious needs and conditions in various countries were discussed.

Tomorrow it is expected that many people of all denominations will attend in order to hear Rev. J. Whitcomb Broucher, D.D., of Los Angeles.

Tomorrow afternoon will be mainly devoted to the semiannual meeting of the Woman's Missionary Society.

At the election of the officers of the association will also take place.

DEATH FOLLOWS FIGHT FOR LIFE.

PATIENT WHO SUBMITTED TO BLOOD TRANSFUSION DIES AT VENICE.

VENICE, Nov. 5.—Miss Ethel Hagar, popular bay district girl, 24, 2800 Broadway, died this morning after a short but plucky fight for life. Several weeks ago she was taken to the St. Catherine Hospital suffering from anemia, a quart of blood was transfused to her body from the veins of Mrs. Robert Renny, close friend of Miss Hagar. A week later her condition was such that she was allowed to return to home.

During the last few days a sudden turn for the worse delayed her friends.

Miss Hagar was the daughter of W. H. Hagar, a retired business man. They had lived here for five years. Funeral services will be held in Los Angeles.

BOOST HOTEL PROJECT.

Santa Monica to Stage Banquet on November 10.

SANTA MONICA, Nov. 5.—Principal speakers at the dinner November 10 given by the Chamber of Commerce to boost the hotel project will be Francis J. Haney, Frank J. Tyrrell, prominent in Pasadena civic affairs, and Thomas H. Jones, motion picture director.

The modern hotel and its relation to the community and the outside world will be the general trend of the speeches. The dinner, for which nearly 200 places have been reserved, is given for the purpose of urging citizens to buy bonds that will pay 10 per cent. on a \$2,500,000 hotel to be built by the Lantz Company at the foot of Wilshire boulevard.

CAUSE OF INJURY STILL A MYSTERY.

VENICE, Nov. 5.—It was stated at the St. Catherine Hospital today that John Donaldson, who was removed from a Venice apartment house yesterday in an unconscious state, is improving, though he is not able to tell the story incident to the injuries he received about his head and shoulders. It is expected that two brothers from Miles City, Mont., will be here within the next few days who will investigate the case.

Before he became unconscious Sunday he managed to explain that he had been hurt in a wreck at Sawville. Little is known about the man, other than that he is a retired sheep raiser of Miles City.

INSIST TEACHER MUST FURNISH SCHOLARS.

MONO LAKE, Nov. 5.—Certain cities and school districts erect a bar against the engagement of married women as school teachers, but it remains for Mono Lake to entirely reverse this rule. They need a teacher, but will hire only one who has two children. Under the State law, four children are necessary before a public school can be established. The district has now only two children, in spite of the fact that it has a large taxable area, and two more are required before the district can be established, and the district funds used to pay the teacher's salary. The position will pay the usual salary in spite of the small number of pupils.

PASADENA IS YANKEE TOWN.

Census Shows Big Percentage of Americans.

Crown City has Adequate Accommodations for Tourists.

Organizations Indorse Plan to Prevent Strikes.

PASADENA, Nov. 5.—Pasadena is more American than any comparable city in the United States, says Prof. W. H. Holland, who has charge of the school census being taken here this week. Prof. Holland has his statement upon the returns so far made in the census-taking.

"These returns show the vast majority of parents in Pasadena to be themselves native-born Americans," said Prof. Holland. "The exceptions, where parents were born outside of the United States, will not number more than one in fifty. I doubt that any city in the country can show more native Americans in proportion to population than Pasadena."

The school census is also showing that there are many vacant houses in Pasadena, disproving the theory of some citizens that there is a shortage of houses here and that tents may be used in the winter, when tourists come.

Pasadena has four large tourist hotels, besides many smaller ones and countless lodgings and dwellings to accommodate tourists, local bankers, hotel men and other prominent citizens state, so the city will be able to care for all the tourist travel to the city this season.

NO FUEL ADMINISTRATOR.

Pasadena has no local fuel administrator and probably none will be appointed, inasmuch as this city's climate makes the labor of such an official so light. During the war Albert E. Edwards, president of the First National Bank, who died last winter, was the local fuel administrator. But Mr. Edwards often said that he had nothing to do. No successor to Mr. Edwards has ever been appointed.

FOR COMMERCIAL FEDERATION.

The Board of Trade, Merchants' Association, Master Plumbers' Association and Master Builders' Association of Pasadena have endorsed the formation of a local branch of the Commercial Federation of California, according to the announcement today of the local headquarters of the federation. A local branch of the federation, comprising local manufacturers and other employers, was recently formed here.

TO HIGHEST COURT.

Giles Otis Pearce, a Sawtelle Soldiers' Home veteran, yesterday appealed his writ of error from the judgment of United States District Judge Tripp, denying him a hearing in the local Federal court on the bill brought by Pearce to compel the collection of \$800 and other punitive damages from the estate of the late President Roosevelt. The department says he is suing to the highest court in the land for the adjudication of his troubles, instead of stopping at the United States Circuit Court of Appeals, as is the usual procedure.

MUNGER ESTATE.

George M. Munger, who died on October 28, left an estate valued at \$50,000, according to a will filed for probate yesterday. The widow, Susan B. Munger, is mentioned as sole legatee. She resides at 1523 Hobart boulevard.

VALUATIONS DOUBLE IN FOUR YEARS' TIME.

OIL DEVELOPMENTS BIG FACTOR IN POMONA VALLEY PROSPERITY.

POMONA, Nov. 5.—That the total assessed valuation of the San Gabriel Valley communities has doubled since August, 1914, the date of the outbreak of the world war, was the statement made last night by Frank Wheeler of Claremont, president of the Associated Chambers of Commerce of the San Gabriel Valley, during the course of its monthly gathering, held last night at Azusa. The 1914 figures, according to Mr. Wheeler, were approximately \$45,000,000, while this year the assessed valuation of the valley is \$92,000,000. One of the most astonishing increases in valuation, however, said the speaker, was due to the oil activity, which caused one of the smallest school districts in the valley to increase its assessed valuation in three years' time from only \$500,000 to \$14,300,000, or a larger valuation than that of Pomona, the fifth-

VOTE SCHOOL BONDS.

Strathmore District to Spend Large Sum for Building.

STRATHMORE, Nov. 5.—By a vote of 256 to 28 the voters of the recently created Strathmore Union High School district approved an issue of bonds in the sum of \$35,000 for the acquisition of a proper site and the construction of a new school building. There was no organized opposition to the proposal. Dr. Warren B. Davis, who heads the Board of Education, announced, following the election, that steps would be taken to let the contracts for the construction of the building as soon as it could be legally done.

FOR OPENING STREET.

Council Asked to Get Full Use of First, Above Hill.

An appeal from D. K. Edwards for immediate action toward securing the full use of West First street between Hill and Olive streets was sent by Mayor Snyder to the City Council yesterday. The Council asked the City Attorney to advise it as to whether it might proceed with the project, which would result in the permanent improvement of the street for its full width, under the 1911 or the 1912 street improvement act. Mr. Edwards said it will be necessary to divert a large amount of traffic to the street when the construction of the Second street tunnel is begun, and only half of the street has been in use for years, owing to injunction proceedings. Its general appearance is disgraceful, he added, although it is only three blocks from the City Hall and county buildings, and not 250 feet from the Central Police Station.

Grace Direct Paces Fast Mile at Phoenix, Arizona; Oxy and Throop Meet Next Saturday

GRACE DIRECT FIRST IN PACE.

Spins off Second Heat in Very Fast Time.

Indians Feature of the Big Phoenix State Fair.

Record Crowd Present to See Day's Festivities.

(EXCLUSIVE DISPATCH.) PHOENIX (Ariz.), Nov. 5.—

Thousands of them, formed the big feature of the state fair today. Most of them were Planas, Mariposa, Papago and Apache, with representatives of the several tribes joining in sports that had been arranged for them and for the education of another record-breaking grandstand crowd. The students of the Indian school presented a formal dress parade and there was a flag drill by several hundred girls.

Of the many races that took place today, the most interesting was that of Indian spring wacans. The west show presented every afternoon has brought a large number of men from all over the West and gives the crowd thrills without number. The riding is considered the best ever shown in the Southwest.

RIDE STERS.

This afternoon a dozen cow-punchers gave a marvelous exhibition of steer riding. Though this was an off day in the harness events, it was notable as the first appearance of Grace Direct, who took all heats of the second pace, reeling off the second mile in 2:02 1/2, the best time yet made at this meet.

Yet there was dissatisfaction with this by the owner, Earl Beck, and in the starter's stand, for it was confidently expected she would beat her own best pace time of 2:00 1/2.

SHELL DO IT.

"She'll do it sure in the 3:00 pace on Friday," was the prediction of Starter McNair. "For she now is on the fastest track in the West. The purse today gives the clear winner as the biggest money winner of the racing season. Also, in the Friday race will be Gary Earl, with record of 2:02 1/2."

In the free for all, Teats J. led for awhile, making the quarter in 36 1/2 and the half in 1:34 when passed by the mare, the way home thereafter being a sensational struggle.

produced in California each year, agriculture and live-stock raising turn in \$680,000,000. He emphasized the need of the National Federation of Farm Bureaus the organization meeting of which he will attend in Chicago this week.

"There are 1,000,000 farmers in the national farm bureau already," said he, "and the organization can accomplish great things if it does not develop too much egotism. We don't want to exert influence for the benefit of a class such as farmers, but we do believe that it is necessary for us to secure legislation which will benefit all."

C. Thorpe, general manager of the California Walnut Growers' Association, made a short talk on production and the high cost of living. He summed up the salient facts as follows: "If, instead of accusing the farmer of profligacy, a larger percentage of our population, would engage in agriculture, a greater production would naturally result, and perhaps that would slightly

lower the level of prices, but it would also lower the average production cost, which in the end would mean greater prosperity and less agitation."

Mr. Thorpe recommended a great nation-wide publicity campaign to draw people back to the farm and thereby increase the production of necessary foodstuffs.

STOCK SHOWN. Assistant Farm Adviser G. E. Gordon conducted a stock-judging demonstration, working on Poland-China hogs. Hottelstein cattle and Arabian and Kentucky thoroughbreds and English saddle horses. Great interest centered around his work in judging "Quality Bob," a Poland-China boar, thirteen months old, weighing 550 pounds. W. H. Taylor, superintendent of the ranch, informed the farmers that a check for \$7000 would not buy the hog.

WEDS EMPLOYER AND SUES IN SIX MONTHS. WIFE SAYS HE ENGAGED ROOM FOR HER AND SAID SHE MUST KEEP HERSELF.

After eluding process servers for two days, Herman H. Boyer, wealthy lumberman of Florida, who is being sued for separate maintenance by his wife, Mrs. Minnie R. Boyer, was located yesterday at the home of his brother-in-law, Joseph Malby, in Long Beach. Unless an agreement is made before the date set for the trial, the case will be heard in Judge Craig's court on November 11.

In her complaint, Mrs. Boyer charges her husband, who is 52 years old, with being jealous of her. Mrs. Boyer is 32 years old. Aside from many exhibitions of jealousy, which, she says, humiliated her before her friends, Mrs. Boyer alleges that the climax of their marital difficulties was reached when he told her he would live with her no longer, and engaged a room for her in the Beverly Hotel, 1530 South Flower street, for one week. She charges that he paid the rent for the room, left her suit case at the hotel, gave her \$1100, and then told her she would have to make her own living.

Boyer was formerly general manager of the German-American Lumber Company in Florida. Mrs. Boyer was then employed in his office. She left and went to New Mexico. Boyer later sold out his interests and followed her, she says. He then came to California, and after correspondence with her, returned to Albuquerque, where they were married, last May.

The couple live together for several months, but during that time, Mrs. Boyer claims, her husband was so jealous of her that he would not permit her to look at other men. She says he would never allow her to answer the telephone, and at one time, during a trip to Ventura, with two real estate salesmen, her husband insisted that she accompany her for riding in the same elevator with the salesmen. They separated on November 1. Mrs. Boyer says her husband possesses securities and property valued at nearly \$100,000.

JURY DISAGREES. For entering a grocery store at 2701 North Main street and the theft of groceries valued at \$3, Enrique de la Cruz was on trial yesterday before Judge Willis. He was prosecuted by Deputy District Attorney McCartney and defended by Deputy Public Defender Aggeler. After three hours of deliberation the jury failed to agree and was discharged by Justice Willis.

STUDENTS WILL SEE EDUCATIONAL FILMS. A new moving-picture machine was installed, yesterday, in the auditorium at Polytechnic High School, with the showing of one of Charles Ray's latest pictures. The programme contained several musical numbers, two of them selections by Polytechnic's orchestra. Ray is a former student at Polytechnic. John Richer, president of the student body, deserves the credit for the raising of the funds with which the machine was purchased.

The show was a departure from the policy which has been decided upon by the school in regard to the use of the machine. Hereafter only pictures of an educational nature will be shown during school hours. However, this does not preclude the use of the machine for showing other films outside of school hours.

A Great Store—Keeping Pace With a Great City
We ship goods to all parts of the United States and also to Foreign Countries

We will pay you—

—if your children don't like H-O better than ordinary "rolled oats"

Let your children decide on their breakfast cereal for breakfast to-morrow morning.

Watch their eyes sparkle as they taste the first luscious mouthful. See how speedily saucers are cleaned and passed for "more, please!" You'll enjoy a delicious saucer-full yourself.

—And then—if the whole family fails to cast a unanimous vote for H-O—take the unused portion back to your grocer—we authorize him to refund your money in full—at our expense.

Double-toasting makes H-O's flavor supreme

Each plump oat-kernel is toasted over great coal fires till it's a delicate nut brown. (You can see the difference if you compare a few flakes with ordinary "rolled oats.")

Nothing else could give H-O that toothsome, toasty taste.

High-pressure steam, hotter than boiling water, bursts the woody covering of every tiny starch cell in H-O.

All the rich, starchy nutriment is freed and made more easily digestible.

Endless hours of ordinary cooking could not make "rolled oats" so tasty and nutritious.

H-O CUTS LIVING COST

Enough for breakfast—costs but a fraction of a cent and nourishes more than oat, wheat or corn.

There are many toothsome, economical ways to serve H-O, such as:

- H-O porridge with cream and sugar
- H-O Cookies
- H-O bread
- H-O puddings
- H-O with syrup
- H-O baked loaf with fruit
- H-O Crackers
- H-O Scotch Soup

Indigestion

DO YOU KNOW that indigestion can be cured, permanently cured, so that you can eat any kind of food that you crave? It has been done only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Chamberlain, Stillwater, Minn., who had spent over \$4,000.00 for medicine and treatment was permanently cured by these tablets.

Chamberlain's Tablets

Tonight! Take Dodson's Liver Tone! Better Than Calomel For Liver

Warning! If bilious, constipated and headache, read my guarantee.

Take no more sickening, nauseating calomel when biliousness, constipation, headache, etc., are present. Don't lose a cent!

There is mercury or quicksilver in calomel. It comes into contact with the lining of the stomach, and it is this contact that causes the "all knocked out" feeling. It is this feeling that makes you feel that you have had a "bad case" of indigestion. It is this feeling that makes you feel that you have had a "bad case" of indigestion. It is this feeling that makes you feel that you have had a "bad case" of indigestion.

ELSIE JANIS SOON.

WILL HAVE EX-SOLDIERS IN HER TROUPE.

By Grace Kingsley.

The irrepressible Elsie Janis and her "band" are to appear in this city during the present season in a unique show, according to announcement just received, Miss Janis's troupe beginning in Baltimore November 19. This will be her first stage appearance since returning from France, where she served as entertainer for two years.

The unique feature of Miss Janis's show, which will consist of dancing, musical comedy, and instrumental entertainment, etc., will be that all her actors will be ex-service men, before many of whom she appeared while they were fighting in France. A number of the men were awarded the Cross of Chevalier and other decorations for exceptional service. The names include Bill Kernell, Robert Foshelmer, Jack Brand, Bill Reed, Don, Jerry Rockstr, Bradley Knocks, Herbert Goff, Chick Deveau, Charles Lawrence, Ralph Ryan, Harry Januswick and Sam Burbaum. Several of the young women who will appear in the Janis entertainment.

ment also saw service as entertainers with the American Expeditionary Forces, and include Marion Davidson, May Masters, Antoinette Driscoll, Lucille Kelly, Mary Jane Bixby and Jeanette Grant. The musical director will be William Schroeder, writer of the tuneful score of "Bill Bang."

Miss Janis states she is looking forward with delight to appearing once more before American audiences, and as she has many friends on the Coast she particularly anticipates her visit to Los Angeles, where it will be remembered, she remained several months during her first venture in pictures. "Mother" Janis is still with her.

New Noise on Rialto.

A new picture company of much promise, which has been quietly working for several weeks at the Rialto studio, in Edendale, is the Double Day Productions Company, of which Ovid Doubleday is president and Charles Mack is manager. Already some seven two-reelers have been produced along the lines of the policy chosen by the company. Two companies are at work at present, one making two-reel westerns and the other comedies. The names include Bill Kernell, Robert Foshelmer, Jack Brand, Bill Reed, Don, Jerry Rockstr, Bradley Knocks, Herbert Goff, Chick Deveau, Charles Lawrence, Ralph Ryan, Harry Januswick and Sam Burbaum. Several of the young women who will appear in the Janis entertainment.

pictures. She is seriously considering acceptance of the offer.

Mary Minter's New One.

Mary Minter is nearly finished with her current picture, her first for Realart, entitled "Judy of the Harbor," under direction of William D. Griffith. The picture will be a dramatic one by no means a person that Israel Zangwill, entitled "Nurse Marjorie."

Mis Minter says she is perfectly happy to be back home in the West. She says that she is going to the studio than anybody else. In fact she reached the Morocco studio, the other morning, before the gates were open. And what she thought of the beautiful woman was about to do. Well, maybe you can guess. Yes, that is. She was going to climb over the fence! But just then arrived her chauffeur, who told her that the picture was in the skin on her pretty skin is still intact.

Edna Mae Cooper Weds.

Edna Mae Cooper surprised her co-workers at Laskey studio by the announcement of her recent marriage to a man named...

What do you know about it? They say that since he hasn't had any new productions to stage at the Morocco, Fred J. Butler has turned to the idea of a new picture, and what's more that he bought some hill street property when "Civilian Clothes" began its run and may have been the original price since the play is in its teens. Which is quite possible these days.

Lauder Not Superstitious

Even though this is his thirteenth American tour, Sir Harry Lauder, who is to play the role of a man who has been in the line since opening in El Paso with a Friday performance last week. The house was packed and broke all previous records, while in Phoenix, where he is due for two performances, he was to be seen in a short time. The former Miss Cooper is well remembered for her excellent work in "The Old Wives for New" and other productions of the director-general of the Famous Players-Lasky corporation.

Enid Bennett Explains.

Enid Bennett, star of "What Every Woman Learns" at Clune's Broadway, wants it distinctly understood that reports to the contrary notwithstanding, she is in first-class health, and she says if you don't believe it you just ought to see her play tennis. "That would be a pleasure without doubt, but we'll just take her word for it and let it go at that."

Low Cody Married.

Between the two "The Butterfly Man," his new vehicle, written by George Barr McCutcheon, and now under production at the L. J. Gansler studio, Low Cody told Ida May Park, his director, and his bevy of beautiful leading women of a pleasant experience in the picture. "We were taking scenes in the most arid part of the State," related Cody, "and I stepped into a hot bath of fire. When the low got through, he asked, sotto voce, 'Hair tonic, sir?'"

The Barber bent closer.

"Inside or out?" he hissed, and I fell out of the chair!"

Nancy Chase May Fly.

Nancy Chase, Brunton star, has received a flattering offer from no less person than the spectacular Snowy Baker, multimillionaire picture promoter, to join his new American comedy company as star of an adventure serial under the direction of Wilfred Lucas. It was at Baker's own suggestion that Chase decided to give up her London legitimate work for a career in motion pictures.

The Butterfly Man, now being produced at the Gansler studio with Cody in the title role, also will be distributed by Robertson-Cole. Gansler is bringing a contract bearing Max Marsh's signature with him from New York. By the first of activity furnished by the performance of Adela Buffington. At

the age of 19 she is the author of the story in which Dorothy Dalton is to be starred next week at Clune's Broadway. At the time of the writing the script Miss Buffington was a cashier in a Los Angeles motion-picture theater. She had, since a child, had the ambition to write, and at one time aspired to be a teacher, but misfortune compelled her to other work with more immediate financial returns. So impressed were Thomas H. Ince with "The Apache" that he gave Miss Buffington a position on his regular scenario staff.

Hard to Film.

The effort of showing the Indian yodel making his appearance out of a cloud of mist in the Clara Kimball Young picture, "Eyes of Youth," is stated, requiring the use of five cameras, fifteen feet of steam pipe, steam coming through several openings at a 600-pound pressure, wet gates and a huge fan. It also required four hours' work to secure forty feet of good film.

Played Opposite Barrymore.

Conway Tearle, who is seen in a double personality role in support of Florence Reed in her new picture, "Her Game at Tall," Broadway next week, during a recent New York benefit performance played opposite Ethel Barrymore's Juliet.

Dave Butler's Wager.

The career of David Butler in the films started on a bet with his father, Fred J. Butler, stage director at the Morocco Theater.

A year ago David was assisting his father and playing parts at the Morocco. He wanted to play leads. "Don't be impatient," admonished the father, "go slow and work hard. It took me nearly twenty years to master the art of stagecraft." But David was impatient. "All right," he told his father. "I'll bet that if I strike out in the movies I'll be playing leads in a year at a salary that will equal yours."

MUSICAL.

ZOELLNER CONCERT.

AMERICAN COMPOSER'S WORK PROVES ATTRACTIVE.

By Jeanne Hedman.

Edgar Stillman-Kelly's Quartette, Opus 25, received its first performance Tuesday evening at the Zoellner Quartette's second of their series of chamber music concerts for this season at the Ethel Club house. A considerable audience heard the quartette and manifested much pleasure in the performance. Stillman-Kelly's work stood well the test of a performance immediately following the Zoellner's very beautiful renditions of a Hinder Quartette and a Sinding Serenade. The quartette is unusual in form, its movements comprising an Introduction, Theme and Variations, a Toccatina and Fugue. The work has much that is lovely in melody.
